

Citizens For Carbon Valley

- *Wrong Plan*
- Wrong Price - \$40,000,000
- Wrong Place — Outside the District
- Wrong Time — Uninformed Voters

A NO vote on 5A is a Yes for Carbon Valley!

5A will take \$40,000,000 from the tax payers to build a new facility a great distance away from the mass of our local population. The Rec District Board has rushed to get 5A on the November Ballot. The Board has failed to adequately educate Taxpayers about what they are planning. 5A is simply: Empty promises & a very long Drive!
