

CARBON VALLEY

PARK & RECREATION DISTRICT

APRIL 9TH, 2015

Focus Group Meeting – Agenda

6:00pm- CVPRD Recreation Center Warrior Room

Objective: Identify the best location for a possible new facility utilizing the tools from the District Master Plan.

A. Introductions – Focus group

- a. Members, Leadership, Staff

B. Master Plan – recommendations

- a. Consultants – staff – actions

Recommendations –

Current facilities - upgrades – renovations for better utilization

C. Potential site Locations

- Central Park – Town of Firestone

<u>Advantages</u>	<u>Disadvantages</u>
-------------------	----------------------

Central location	Distance from current facility – 1 mile
------------------	---

Availability of land –	Accessibility from major highways
------------------------	-----------------------------------

Location near library	underground – mines / oil pipes
-----------------------	---------------------------------

Expands the service area of the District – north

- North location – Regional center concept – Town of Firestone

<u>Advantages</u>	<u>Disadvantages</u>
-------------------	----------------------

Property - donated	North location
--------------------	----------------

Location – access I – 25

Great views – athletic fields

(Athletic field lighting – no neighbors)

Accessibility to new development

Expands the service area of the District – annexation

Connect ability to regional bike path – water ways – state park

- Frederick recreation area – Town of Frederick

<u>Advantages</u>	<u>Disadvantages</u>
-------------------	----------------------

Property donated	Distance from current facility – 1 mile
------------------	---

Amenities – water, trails	Accessibility from highway
---------------------------	----------------------------

Centralized location	Access to site limited
----------------------	------------------------
